SENSATIONS: The wine features a shining amber colour. Its fragrance brings to mind ripe yellow fruit, fig and honey. The palate reveals marvelous sensations of sweetness, softness and warmth.

WINEMAKING PROCESS: The grapes are harvested by hand and placed on racks. They are left to wither and dry for a few months in the open air in a special area of our winery. In December we proceed to crush the grapes, and the product obtained is then fermented for a few months. After fermentation, the wine is left in small wooden barrels (5 hl) for 12 months. It is bottled only when it reaches the right degree of maturation.
