

PROSECCO 950

CHARACTERISTICS

TYPE: Sparkling Extra Dry

COLOUR: White

DESIGNATION: PROSECCO 950 DOC TREVISO SPUMANTE EXTRA DRY

SENSATIONS: A sparkling wine with a deep straw color, it has a fine and persistent perlage, as well as a delicately fruity aroma like Golden apple and a light hint of exotic fruit and herbs.

CULTIVATION: The vines are grown using the Sylvoz system, with a growing density of 3,300 plants per hectare.

WINEMAKING PROCESS: The free-run must obtained from the first soft pressing of the grapes is fermented at the controlled temperature of 16 °C, to preserve the freshness and fragrance typical of Prosecco. The wine is then transferred to an autoclave, to make it sparkle using the Charmat method, and finally bottled.

AVERAGE YIELD: 130 q/HA

DEGREE: 11,0%

PAIRINGS: A chalice of this wine is ideal as an aperitif with the entire range of light appetizers, and pairs elegantly with seafood dinners.

SERVING TEMPERATURE: 6-8°C

CONTENT: 0,75 LT

6-8 °C
